I must say I'm surprised there  
 has been very little movement  
 in the price of these coins over  
 30 years. All were from part of  
 a collection formed in the 80's  
 and are priced around the price  
 paid then or less.

If possible alternatives are always appreciated as many of the coins listed are only single specimens.

If you send your cheque with your order please leave the amount blank and write along the bottom of the cheque **NOT TO EXCEED** and then the total sum of your order. This way, if any of your order has been sold then I can make the cheque out for the remainder thus eliminating the need for refunds.

Thank you for your time, I hope you find something to add to your collection.
